

SIGNS THAT A PERSON IS UNDERGOING A PROCESS OF RADICALIZATION

Radicalization in some cases can happen over time, but in some cases it's triggered by a specific incident or a news column and can be triggered right away.

Here in the following are some signs that might indicate that someone you know is radicalized:

- Justifying the use of violence to promote a cause, ideology, or militant agenda.
- Using hateful language.
- Breaking ties with family and friends.
- Begins to isolate himself/herself from their family and friends.
- Socializes with people and groups that are known for their extreme point of view.
- Travels to places that can influence your extremists curiosity (e.g UK, Syria, Yemen and Iraq) .
